Broening Highway Traffic Pattern Change

Please be advised that traffic pattern changes will take place on 2/23/13 as part of the Broening Highway reconstruction project. These changes will alter the southbound lanes of Broening Highway from the Keith Avenue exit ramp onto Broening Highway down to the entrance to 2310 Broening Highway. Two southbound lanes will be maintained at all times. The interior southbound lane will also be used for left turns into the Point Breeze parking lot.

Please lower speeds and exercise caution when driving through the construction area.

Thank you.
