

DMMP Executive Committee

The Dredged Material Management Program (DMMP) Executive Committee is established in law (Chapter 627, Acts of 2001) to make decisions regarding the management of dredged material in Maryland. Membership is prescribed by the law. The committee is co-chaired by the Secretary of the Department of Transportation and Secretary of the Department of Natural Resources. Meetings are held twice a year and the committee is staffed by the Maryland Port Administration.

To contact committee members, send an e-mail to greenport@marylandports.com or call the Maryland Port Administration at 410-385-4438.
