

We appreciate everyone's patience as we continue to work through this unimaginable situation.

We remind everyone to keep their thoughts on the families that have suffered unreplacable losses.

As you know, vessel traffic into and out of the Port of Baltimore remains suspended. Trucks however are still being processed inside our marine terminals.

There is a lot of speculation as to when the channel will be reopened. The fact of the matter is we do not know.

Please understand that we are working minute by minute with our federal, state, and local partners to make that happen as quickly as possible.

We thank you for your support during this incredibly difficult time and we will continue to update you when we have further information.
