

**ATTENTION TENANT and PROSPECTIVE TENANT:** The purpose of the Tenant Environmental Survey is to develop a baseline of activities and conditions at the port which impact or have the potential to impact the Bay environment. The results of the survey will enable the Maryland Department of Transportation Maryland Port Administration (MPA), the land owner, to begin a collaborative effort with tenants to ensure compliance with state and federal environmental laws and regulations and to encourage Bay-friendly practices.

If you need assistance completing this survey, please contact your Corporate/Site Environmental Manager.

Please complete the survey and return it to Claire Greenaway by an agreed upon date, MPA Property Management, 401 E. Pratt Street, Baltimore, Maryland 21202

Please answer each question. Please attach a site/facility map if available. Also, attach additional information as appropriate (e.g., a list of tanks and locations).

| General Information       | Uses and Activities (check as many<br>as apply)   |
|---------------------------|---|
| Name of Tenant:           | Container Operations  |
| Location/Address:         | Bulk Product Handling Cargo Handling  |
| Tenant Contact:           | Warehousing/Storage Office Space  |
| Telephone:                | Above Ground Storage Tank     Underground Storage Tank  |
| Checklist Filled Out By:  | Mobile Storage Tank/Truck   |
| Date checklist Completed: | <ul> <li>Major Equipment Maintenance</li> <li>Light Maintenance (fluid change only)</li> <li>Vehicle Maintenance</li> </ul> |
