

Certificates of Adequacies for Reception Facility
MARPOL I – Oily Waste
MARPOL V - Garbage

I. Definition of Certificate of Adequacy

A Certificate of Adequacy (COA) is issued by the Coast Guard and certifies that a port or terminal meets the requirements with respect to reception facilities. The Maryland Department of Transportation Maryland Port Administration (MDOT MPA) is the holder of the COAs for oily waste and garbage at its terminals.

II. Requirements for Removal of Oily Waste from Vessel

- In order to receive oily waste from vessels, the mobile facility must have an approved Facility Response Plan and operations manual to operate in the Sector Maryland – National Capital Region (NCR), Captain of the Port Zone.
- The following mobile companies are located near Baltimore and are registered and classified as an Oil Spill Response Removal Organization (OSRO) by USCG, Sector Maryland - NCR, for this operation:
 - Lewis Environmental Group
 - Clean Harbor Environmental Services
 - NRC/US Ecology
 - Miller Environmental Group
 - Marine Spill Response Corporation
 - HEPACO, Inc.
 - Triumvirate Environmental
 - Moran Environmental Recovery
 - ACV Enviro
- Other mobile companies are not allowed to do this work unless the company contacts USCG, Sector Maryland - NCR, and receives permission.

III. Requirements for Removal of Garbage from Vessel

- Attached is a list of companies approved by U.S. Customs and Border Protection, Department of Homeland Security, to handle and process regulated international waste.
- Companies may be subject to change. Please check with CBP for an updated list. (410) 962-6200 or <https://help.cbp.gov/>

**Area Port of Baltimore
Approved International Regulated Garbage Haulers**
